STAT

MEMORANDUM FOR: [redacted]

SUBJECT: Biographic Intelligence

Here is a draft DCI reply to DIA on their proposal for integrating DIA's military biographic production capabilities with CIA's. It has been coordinated with CRS, and CRS has obtained verbal concurrence from DDI. If you concur, please sign the draft. DDI will then do likewise and return the package to us for retyping in final form for DCI's signature.

John:

STAT This is ready for DCI's signature. CRS and Walsh have concurred verbally. [] set this up as if it were a DDI paper (see his note attached), which seems to me unnecessary. Suggest you merely send Walsh or Proctor a copy after you've approved (tho before DCI has).

STAT This final version, by the way, was drafted mainly by me after a series of maneuvers between CRS and PRD [] which, at one stage, ended up with CRS and DDI well represented but not ICS and DCI.

Suggest you send on to DCI with buckslip saying something like:

STAT "DDI (Walsh) and CRS [] Eisenbeiss) have concurred verbally. Contents are self-explanatory. Suggest you sign and forward to Gen. Graham."
